Than to have them need repairing after they arrive. Here is an  
excellent argument in favor of our ability to pack goods RIGHT.

## Pull Together

ARE WE, as a community, pulling together? Or  
are we pulling in OPPOSITE directions? OR-  
GANIZATION is the great community need of the  
day. WITHOUT organization men and women are  
apt to sink below the level of mules. EVEN mules,  
in times of danger or panic, have been known to CO-  
OPERATE. They sometimes KICK together. If it  
were given to mules to think, they would wonder at  
the ways of men. That men and women, living and  
working in the same community, should refuse to  
co-operate, is one of the riddles of civilization. The  
only benefits worth having are the benefits we can  
share with our NEIGHBORS. INDIVIDUAL bene-  
fits count for little. It is the CO-OPERATIVE effort  
that brings EVERLASTING good. Good roads, fac-  
tories, better schools, good markets can only be se-  
cured when ALL pull TOGETHER. Every man,  
woman and child in THIS community should give  
ONE hour each day to community WORK. But,  
don't WAIT for someone else to start it. There is  
work for YOU to do. Begin with YOURSELF.
